

FCC Cast Brass Bulkhead Barometer - Marine Quality (20.5cm)

Product Images

Short Description

205mm in Diameter. Bulkhead style brass barometer.

Description

Large brass barometer in a bulkhead design; makes a statement whether displayed on your boat or at home. Marine quality instrument made of heavy, cast brass which has been lacquered and varnished. The open dial allows the beautiful movement to be seen - a very attractive feature.

Highly polished finish, no maintenance required - just a dust now and then! Features bevelled glass.

Matching Clock and Time & Tide Clock available

Overall Dimension: 205mm

Dial: 145mm
