Brand	Oregon Scientific
Country of Manufacture	United States
Contents	1 x BAR 228;Manual
Explanation	<ul style="list-style-type: none">• Weather Forecast - The BAR228 Weather+ sensor also provides a Weather Forecast through its inbuilt Barometer. The addition of a 12-24 hr weather forecast also lets you plan your day ahead, with the weather forecast clearly displayed by easy-to-read icons on the App• Data Logger - The Weather+ sensor can store data for up to 20 days, automatically connecting to your smart device when in range. The data history curve is clearly displayed on the App in 15 minute intervals• Real Time Alerts - When you are within Bluetooth range and when the weather data is out your desired comfort level (Max / Min) setting you will receive an alert on your Smart Device. For example Baby's Room is too Warm or Green House is too cold. (per 15 mins)• Easy Setup and Customisation - Simply download the Weather+ App from Apple Store or Google Play store (Requires IOS7/8/9; Android 4.3 to 5.00). Via the App adjust your own temperature / humidity / Barometric range (Max / Min) for your selected location. Up to 20 Sensors can be connected to your device allowing you to monitor your whole home and outdoor environment.
