

Mobile Alerts MA10800 Contactless Sensor for Doors and Windows

Product Images

Short Description

New contactless sensor from Technoline, part of the new Mobile Alerts home monitoring system from TechnoLine. Protect your home and source your home monitoring system from the WeatherShop.

Description

The MA10800 is a contactless sensor for the monitoring of opening and closing operations e.g. windows, doors, drawers etc.

The sensors are supplied with white and brown caps to match door and window frames.

Additional Information

Brand	Technoline
Explanation	<p>The MA10800 sensor can be placed on any door or window and will detect when it has been opened or closed.</p> <p>The sensor communicates with an Internet Gateway (sold separately) which in turn sends a mobile alert to an IOS or Android device. This allows users to constantly monitor their home without being there or without having to watch a camera.</p>
Contents	1 x MA 10800 Sensor
