Additional Information

Brand	Technoline
	Do I need to de-ice my car in the morning? Is there a risk of mould due to high humidity? Are the environmental conditions suitable in the conservatory or greenhouse? These and many other questions can now be answered quickly and easily with the Mobile Alerts MA10901 weather station.
Explanation	Choose from three different colour settings for background lighting: 1. The backlight colour changes according to the measured temperature. 2. Choose a colour from up to 22 colour versions as your backlight colour. 3. Every colour version will be displayed as an endless rotation with flowing transitions as a rainbow function.
