### **Wireless Weather Forecast Station with Ice Alert**

The Oregon Scientific BAR206X provides a clear display of indoor and outdoor temperature, the weather forecast, humidity, and a radio-controlled clock – all on a large easy-to-read LCD screen.

- Indoor temperature and humidity measurement
- Outdoor temperature measurement
- Weather forecast
- Ice Alert with green LED blinking indication
- LED backlight.

In addition, you'll never need to change the time on the radio-controlled clock as it receives a signal from the atomic clock, making it always accurate and automatically updating for the start and end of British Summer Time.
