SpecConnect 1 Year Subscription for WatchDog Wireless Rain+Temperature Station

Product Images

Short Description

DATA AT YOUR FINGERTIPS!

We've made it easier for you to send data from the field to your smartphone

Description

Monitor rainfall and temperature data collected by the Spectrum WatchDog Wireless Web-enabled Rain+Temperature Station from your computer or mobile device and make real-time decisions that improve

yield and quality, conserve resources, and increase profits.

What is SpecConnect?

• Cloud-based data management portal, specific to your property

• Real-time data on your computer, smart phone, or tablet

• Simple to use and 100% customisable dashboard

• Send custom threshold alerts via text message and/or email

• Configure your network from your computer or mobile device.
