

Technoline WS 9050 Weather Forecast Station & Barometer - Expandable

Product Images

Short Description

The WS9050 is the closest you can get to a complete weather station without having wind and rain sensors. Gives you indoor and outdoor temperature and humidity along with pressure reading and a barograph giving you the history for the past 24 hours.

The outdoor frost alert will help ensure you don't get caught out by a cold snap.

Description

Key Features

- Barometric pressure with 24 hr history graph in mbar, hPa or inHg
- Weather forecast with icons and tendency indicator
- Indoor and outdoor temperature in °C, °F and % humidity
- Max/Min Temperature and Humidity readings
- Comfort level indicator
- Ice alert
- DCF-77 radio-controlled clock with manual setting option
- 12/24 hour time
- Moon phase
- Two daily alarms with snooze function
- Table standing or wall hanging
- Incl. 1 x TX205TH Wireless Temperature & Humidity Sensor. Add up to two more (e.g. to monitor children's bedrooms).
