ACCUR8 YD8266WUK-WH Official UK Model with MSF Radio-controlled Time, Incl. 3 Wireless Temperature & Humidity Sensors (white colour)

Product Images

Short Description

The ACCUR8 YD8266WUK-WH is a compact weather forecast station that offers amazing value for money, with the price including THREE remote temperature & humidity sensors - ideal for monitoring childrens' bedrooms/pet cages/fridges/ensuring thermostats throughout your home are heating optimally etc.

Description

Includes 3 Wireless Sensors

This ACCUR8 weather station offers you the ability to effectively monitor up to four locations simultaneously using its on-screen display and three wireless sensors. This feature accommodates a wide range of monitoring applications, making it perfect for those looking to track temperatures and humidity levels in various areas.

Whether you need to keep an eye on your garden, maintain optimal greenhouse temperatures, monitor a pet cage's environment, or ensure the comfort of your children's bedrooms, this weather station provides you with the essential data you need.

View all at Once

The colour screen display's all the temperature and humidity readings simultaneous.

This inclusive display removes the need to toggle between screens or readings, providing all vital data at a single glance.

Weather Forecasts

Not to overlook, the ACCUR8 weather station can also help predict the local weather by utilising the barometric pressure. This intelligent feature provides you with a six-icon weather forecasting system, giving a visual depiction of the weather conditions expected in your area.

These icons range from showing 'sunny' for clear sky days all the way to 'cloudy' for overcast conditions. It doesn't stop there though; this weather station is smart enough to indicate 'rainy' or 'stormy' conditions when precipitation is anticipated and even 'snowy' when chillier temperatures are detected.

Providing real-time information on future insights relevant to your localised area, right from the comfort of your home.

Accurate Time & Alarm

The station also packs in an alarm clock with a convenient backlight. For great time keeping this, station incorporates the MSF time signal - recognised as one of the most accurate timekeeping technologies in the world. This means that your weather station will always reflect the precise time, keeping you consistently

updated down to the second.

You're in safe hands

Having been in the business of selling weather equipment for more than two decades, we have dispatched over 18,000 orders just in the past twelve months.

As the owners of the ACCUR8 brand, you can rest easy knowing that you are supported by a UK-based company that has a great depth of knowledge and consistent customer support.

As a family-owned enterprise, we take pride in being the UK's leading independent weather specialist.

2 Year warranty as standard

With our own brand ACCUR8, we offer a hassle-free 2-year warranty with no need for filling out paperwork or submitting online registrations. You automatically receive a 2-year warranty upon purchase.

In the event that issues arise after the warranty period ends, we understand that you may require assistance or replacement parts. We have you covered – we offer all parts, including the console, at special discounted prices for customers who have purchased from us.

Retail Packaged

In contrast to many online brands, our ACCUR8 products are presented in attractive retail-style packaging. Say goodbye to plain white or brown boxes when gifting this item to a loved one. Additionally, it comes with a 3-Pin UK power supply, eliminating the need for uncommon EU adapter plugs often found in online purchases nowadays.
