Large Digital Clock with Alarms, Date & Day, Selectable Analogue/Digital Displays (7 inch)

Product Images

Short Description

7" LCD display with extra large font. Offers a range of selectable digital and analogue clock displays. Features five regular alarms, plus three special Medication Reminder Alarms.

Description

Five regular alarms can be set to either sound once, or repeat (You can then further select Mon - Fri, Sat - Sun or Mon - Sun for each individual alarm).

Three special Medication Reminder Alarms can be set morning, afternoon or evening (These can be selected to either sound once or repeat every day).

Offers a range of digital and analogue clock displays

Mains powered (don't worry, if there is a power cut, all settings including the time and alarms will be retained until the power comes back on).

Auto-dimming 'day mode'/'night mode' display

Can be operated with the included remote control

Wall mounting or table standing. (Has a sturdy arm at the rear so it sits securely on a table top or can be hung on a wall).

The ports on the side of the clock are:

- SD memory card slot for displaying photos and videos
- Two different-sized USB sockets for either displaying photos and videos from a portable USB drive, or as an alternative power supply socket

- Headphone out socket
- Power supply socket for included 3 pin UK power adaptor.
