

# Smart Bluetooth Temperature and Humidity Sensor

## Product Images

### Record data & Export

Works without need of a gateway, simply download the app. Unit records data every minute and keeps all data in sensor for 30 days. When the app is within working distance all data is automatically downloaded.

### Temperature

### Humidity

### Keep your storage safe

When the temperature or humidity exceed the set value, a notification will be sent to mobile. 1201 records data every 1 minute, monitors the temperature and humidity of food, cigars, wine and musical instruments to keep them well.

### Different accessories for different scenarios

Lanyard :hang or tie the sensor on pipe

## Short Description

---

Smart Bluetooth Temperature & Humidity Sensor - Real-Time Monitoring for Home & Office

Revolutionise your environment monitoring with our cutting-edge Smart Bluetooth Temperature & Humidity Sensor. This compact, wireless device provides real-time data straight to your smartphone, ensuring optimal comfort and safety in your space. Perfect for home, gardeners, or office, it's your personal climate guardian.

## Description

---

Take control of your environment with our state-of-the-art Smart Bluetooth Temperature & Humidity Sensor. This innovative device combines advanced technology with user-friendly design to deliver accurate, real-time climate data directly to your fingertips.

### Key Features:

- Wireless Bluetooth connectivity for seamless data transmission
- Dual functionality: measures both temperature and humidity
- Real-time monitoring via smartphone app
- Compact and sleek design, easily placed anywhere
- Long-lasting battery life for continuous operation
- Compatible with iOS and Android devices

Whether you're monitoring your home, office, greenhouse, or industrial space, this smart sensor provides the data you need to maintain optimal conditions. Keep your family comfortable, protect sensitive equipment, or ensure ideal conditions for your greenhouse and plants.

With its 1-year warranty and CE/FCC certification, you can trust in the quality and reliability of this smart

sensor. The device is crafted from durable ABS+PC materials, ensuring longevity and accurate readings over time.

Don't just guess at your environment's conditions - know them with precision. Upgrade your space with our Smart Bluetooth Temperature & Humidity Sensor today and experience the peace of mind that comes with real-time climate monitoring.

## Additional Information

Brand	ACCUR8
Measurements	Humidity, Temperature
Explanation	<ul style="list-style-type: none"><li>• Battery: CR2477 3V 1000mAH</li><li>• Standby Current: ≤20uA</li><li>• Protocol: Bluetooth 5.0</li><li>• Wireless Range: 50m (ideal conditions)</li><li>• Operating Temperature: -20°C ~ 85°C (-4°F ~ 185°F)</li><li>• Temperature Accuracy: 0.5°C / ±0.9°F (max)</li><li>• Operating Humidity: 0% ~ 95%</li><li>• Humidity Accuracy: ±2% (typical) ±5% (max)</li><li>• Working Time: About 12 months</li><li>• Wireless: 2.4GHz</li><li>• Size: 46mm x 46mm x 15 mm</li></ul>
Ideal For	Interested, Gardeners
