

Technoline WS 9136 Weather Forecast Station

Product Images

Short Description

The WS9136 is from the Premium Collection by Technoline.

A sleek and subtle addition to any home; includes weather forecast, temperature inside and out, with max/min readings and clock with precise radio-controlled time.

Description

This forecaster will provide you with indoor and outdoor temperature readings and your own weather forecast for the next 12 - 24 hours. The Max and Min readings for both indoor and outdoor temperature is shown on the console, giving instant information.

Key Features

- Barometer-based weather forecast with icons and tendency indicator
- Indoor and outdoor temperature display in °C
- MIN/MAX recording since last reset, shown on screen at all times
- Radio controlled time from DCF clock with time zone offset for the UK
- Alarm with snooze function
- Low battery indicator
- Table standing or wall hanging design.
