

Technoline WS 9040 Weather Forecast Station & Barometer

Product Images

Short Description

The WS9040 is the closest you can get to a complete weather station without having wind and rain sensors. This model gives you indoor and outdoor temperature and humidity along with pressure reading and a barograph giving you the history for the past 24 hours.

Description

Key Features

- Barometric pressure with 24 hr history graph in hPa, mbar or inHg
- Weather forecast with icons and tendency indicator
- Indoor and outdoor temperature in °C °F and % humidity
- Max Min Temperature and Humidity readings
- Radio controlled clock with manual setting option
- Moon phase indication
- Table Standing or Wall Hung
